## Cebu Dental Clinic

Flora Diorico

**General Dentistry** – Orthodontics

My tooth was giving me a great deal of aggravation so I decided to see an old friend Flora, a dentist on Manalili Street in Cebu City.

There are scores of **dental clinics** in Cebu but she was recommended to me by a friend several years ago and I was happy with her work.

The tooth was abscessed so the good doctor fit me into her schedule the following morning and went to work on it straight away.

After spending 1 hour and 15 minutes scraping away at the root she filled the gap with antibiotics and told me not to chew on that side for a month or so to give it time to heal.

The charge was only 400 peso or 10 dollars USD. On a previous visit an associate worked on a tooth for 2 hours and 15 minutes and the charge was only 900 peso.

I have been very happy with this clinic's work. She has also done 4 implants for a friend of mine that recommended her to me the first time. She also does crowns.

The building that her clinic is in looks dreary but her place is very clean and professional.

Her assistant Jen is a sweetheart and “available” if the right guy comes along.

There are so many real sweethearts in this country that you can fall in love very easily.

#### Dental Clinic Hours

Monday to Friday

9:00am to 6:00pm

(Lunch break 12:00 to 1:00pm)

Saturday

9:00am to 5:00pm

Room 204 LBF Building

Manalili St. Cebu City 6000

Clinic tel 253-8908

cel 09267161999
