All the videos you need to prepare for earthquakes

Here's a compilation of all earthquake-related videos on Agos powered by eBayanihan, ranging from basic information on hazards, to tips on what to do before, during and after an earthquake

Rappler.com  Published May 29, 2016

MANILA, Philippines - The Philippines is one of the top hazard-prone countries on Earth, and its location in the Pacific Ring of Fire makes it a special target. Eight out of 10 of the world's most disaster-prone cities are located in the Philippines.

To help educate the public in time for the National Simultaneous Earthquake Drill and the Metro Manila ShakeDrill, Rappler compiles this list of videos.

What are people doing to prepare?
