ALIEN CERTIFICATE OF REGISTRATION

THE ACR I-CARD PROJECT
The ACR I-Card Project automates the entire process of alien registration and integrates the issuance of various paper-based alien documentations into a microchip-based identification card called the ACR I-Card.

THE ACR I-CARD
The ACR I-Card is a microchip-based credit card-sized identification card issued to registered alien replacing the paper-based ACR. It has an embedded computer chip with biometric security features capable of data management and can be updated electronically. It is fraud and tamper-proof/resistant with the following data:

1. Personal information such as name, age, date of birth, place of birth, etc.
2. Photograph
3. Date and status of admission
4. Visa type granted/date granted/date issued/expiry date
5. Biometric information (2 digitalized fingerprint templates)
6. Signature
7. ACR and ICR/NBCR/CRTV/CRTT/CRTS and CRPE numbers
8. Travel details
9. Payment of immigration fees details

The ACR I-Card likewise serves as the Emigration Clearance Certificate (ECC), Re-entry Permit (RP) and Special Return Certificate (SRC) of the holder upon payment of the required fees.

Hereunder is the complete reproduction of the ACR I-Card showing its front and back:

ADVANTAGES AND CONVENIENCE OF ACR I-CARD
To the ACR I-Card Holders:

1. They are provided faster processing time at the ports of entry and exit with a maximum of 10 seconds for the verification process.
2. They are assured that they are holding a genuinely issued ACR.
3. They receive faster and more efficient service at the BI offices for immigration requirements.
4. They are provided incomparable convenience as they are holding only one immigration document. No more paper-based ACR and ICR/NBCR/CRTV/CRTT/CRTS/CRPE, ECC, SRC and RP.
5. Online payment of immigration fees.
6. Quick verification of information.
7. Eliminates illegal and unwarranted detention of alien residents. The implementation of the ACR I-Card Project will prevent and eliminate instances where aliens are indiscriminately accosted, harassed and detained on mere suspicion of possessing fake or fraudulent immigration documents.
8. It decreases the cost of transacting business with the Bureau of Immigration as the ACR I-Card Project will eliminate fixers, illegal middlemen and syndicates issuing falsified documents.

To The Bureau of Immigration:

1. Automates process of alien registration.
2. Eliminates fraud in all aspects of alien registration as well as in the immigration entry/exit points in the country.
3. Reduces the resources needed for manual passport checks and encoding of pertinent data while drastically improving immigration process time.
4. Achieves higher revenues for the Bureau and the national government through increase in number of aliens who will register and improved efficiency in collection of fees.
5. Enhances security of national borders against entry or exit of terrorists and transnational criminals; eliminates human smuggling activities.
6. Increases efficiency of services to the resident aliens.
7. Improves internal governance by eliminating fixers and illegal personnel issuing falsified documents.

All registered aliens, including their dependents, who have been duly issued paper-based ACRs are required to replace their ACRs with the hi-tech microchip-based ACR I-Card.

All aliens who have been duly issued immigrant or non-immigrant visa and all other aliens who are required to register under the Alien Registration Act are required to register and apply for the ACR I-Card. They are the following:
